8. Therapeutic child care to treat psycho-social disorders in children under 21 years of age based on medical necessity. Services include: developmental assessment using recognized, standardized instruments; play therapy; behavior modification; individual counseling; self esteem building; and family intervention to modify parenting behavior and/or the child's environment to eliminate/prevent the child's dysfunctional behavior. Prior approval is required. Payment rates are established per section X of Attachment 4.19-B.

Line staff, responsible for planning and providing these services in a developmentally appropriate manner, must have an AA degree in Early Childhood Education or Child-Development or related studies, plus five years' of related experience, including identification, reporting, and prevention of child abuse and/or neglect.

Supervisory staff must have a BA in Social Work or related studies, plus experience working with parents and children at risk of child abuse and/or neglect. Experience can be substituted for education using a 2:1 ratio. Their responsibilities are for development, implementation and documentation of treatment plans for each child.

Agencies and individual providers must be approved as meeting Medicaid agency criteria and certification requirements under state law as appropriate.

9. Behavior Rehabilitation Services.

Behavior rehabilitative services are provided to children to remediate debilitating disorders, upon the certification of a physician or other licensed practitioner of the healing arts within the scope of their practice within state law. Prior approval is required.

Service Description

Specific services include milieu therapy, crisis counseling and regularly scheduled counseling and therapy, as well as medical treatment.

Milieu therapy refers to those activities performed with children to normalize their psycho-social development and promote the safety of the child and stabilize their environment. The child is monitored in structured activities which may be recreational, rehabilitative, academic, or a variety of productive work activities. As the child is monitored, intervention is provided to remediate the dysfunctional behaviors and encourage appropriate responses in a broad range of settings.

Crisis counseling is available on a 24 hour basis, providing immediate short term intervention to assist the child in responding to the crisis and/or stabilize the child's behavior until problems can be addressed in regularly scheduled counseling and therapy sessions.

Regularly scheduled counseling and therapy, as well as psychological testing, is provided. The purpose of which is to remediate specific dysfunctions which have been explicitly identified in a continually updated formal treatment plan. Therapy may be in an individual or group setting. It may be directed toward the child alone, the child within his/her biological or adopted family, or the child within his/her peer group.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT
State WASHINGTON

13. D. 9. (Cont.)

Medical treatment may also be provided. Twenty-four hour nursing is provided for children who are medically compromised to such an extent that they are temporarily unable to administer self care and are impaired medically/developmentally beyond the immediate caretaker's ability to provide medical/remedial care.

Population to be Served

Children who receive these services suffer from developmental disabilities and behavioral/emotional disorders that prevent them from functioning normally in their homes, schools, and communities. They exhibit such symptoms as drug and alcohol abuse; anti-social behaviors that require an inordinate amount of intervention and structure; sexual behavior problems; victims of severe family conflict; behavioral disturbances often resulting from psychiatric disorders of the parents; medically compromised and developmentally disabled children who are not otherwise served by the state agency's Division of Developmental Disabilities; and psychological impairments.

Provider Qualifications

Social Service Staff: Responsibilities include development of service plans; individual, group, and family counseling; and assistance to child care staff in providing appropriate treatment for clients.

The minimum qualification is a Masters Degree in social work or a closely allied field.

Child Care Staff: Responsibilities include assisting social service staff in providing individual, group, and family counseling; and therapeutic intervention to address behavioral and emotional problems as they arise.

REVISION

ATTACHMENT 3.1-A
Page 6-7

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

13. D. 9. (Cont.)

Minimum qualifications require that no less than 50% of the child care staff in a facility have a Bachelors Degree. Combinations of formal education and experience working with troubled children may be substituted for a Bachelors degree.

Program Coordinator: Responsibilities include supervising staff, providing overall direction to the program and assuring that contractual requirements and intents are met.

Minimum qualifications are to be at least 21 years of age with a Bachelors Degree, preferably with major study in psychology, sociology, social work, social sciences, or a closely allied field, and two years experience in the supervision and management of a group care program for adolescents.

Counselor: Responsibilities include case planning, individual and group counseling, assistance to child care staff in providing appropriate treatment for clients, coordination with other agencies, and documentation of client progress.

Minimum qualifications are to be at least 21 years of age possessing a Master's Degree with major study in social work or a closely allied field and one year of experience in the care of troubled adolescents or, a Bachelor's Degree with major study in social work, psychology, sociology, or a closely allied field and two years experience in the care of troubled adolescents.
